What does your **startup** need to be a **Cubo member**?

_scalability

We support startups that have **technology-based and scalable products**.

_market traction

We look for startups that already have their first **paying customers** and are not in **ideation, pre-operational stage or similar**.

_capacity of be VC funded

Startups that have a **viable captable** for staged financing rounds.

_founding team

Team size and proficiency in the startup's market of operation, with the founders' **full dedication** to the business. **Previous entrepreneurial** experience can be a plus.

_cultural fit

We believe that the startups in our community must be willing to **interact and exchange knowledge with other members**, whether they're from Cubo or other players in the tech ecosystem.

PROCESS STAGES

Build the **ideal plan** for your team

As a **Cubo startup**, in addition to the digital benefits included in your **membership**, your team can have an inspiring space to work in a collaborative and comfortable way.

Our building is located at Vila Olímpia in São Paulo and has **14 floors** dedicated to connections between startups and corporations.
